### **DETAILED ACTION**

Claims 1-17 are pending in this application.

#### ***Action Summary***

1. The rejection of claims 10-15 under 35 U.S.C. 103(a) over Rieveley in view of Whitcomb and Byrd is hereby withdrawn.

#### ***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

2. Claims 10 and 11 are rejected under 35 U.S.C. 102(a) as being anticipated by Whitcomb (US 6,011,049).

Whitcomb teaches the use of pioglitazone plus metformin together in a single use formulation, such as a tablet or capsule (col. 4, lines 31-37). These combinations produce better than expected control on non-insulin dependent diabetes mellitus (col. 5, lines 2-6).

#### ***Response to Arguments***

3. Applicant's arguments with respect to claims 10 and 11 have been considered but are moot in view of the new ground(s) of rejection.

Art Unit: 1616

Examiner will address the applicants' argument with respect to the Whitcomb reference. Applicants argue that Whitcomb does not reveal or hint at the single integral unit as defined in the claims. It is also argued that Whitcomb directed to administering the drugs separately. The phrase "single integral unit" as described by the applicant is a core with a layer covering a portion or the entire core. It is the position of the examiner that the "single integral unit" defines a tablet. As described in column 4, lines 31-37 of Whitcomb is a tablet comprising of pioglitazone plus metformin together in a single use formulation.

#### ***Disposition of the Claims***

4. Claims 10 and 11 stand rejected.
5. Claims 1-9 and 12-17 are allowed.

#### ***Conclusion***

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the

Art Unit: 1616

shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
